Dear Forix Foundation,

I am immensely thankful to Forix Foundation for giving me this opportunity to have training with HelpMeSee. I am having wonderful experience with this program. I will have less complications in live surgery after this simulation training. This is very helpful for budding surgeons like me.

The accommodation given to me is comfortable and the food is amazing. Everyone at the training center is very cooperative. The ambience is good. I have got amazing trainers.

Thank you HelpMeSee and Forix foundation for this wonderful initiative.

Regards,

Dr. Padwal Utkarsha Sadashiv
